this edited volume explores how youth and informal sector workers in the global south
are pioneering learning and livelihoods that exist at the intersections of and beyond the
boundaries of the state market and other formal institutions underpinned by research
undertaken in the global south this book discusses how we might better theorise
conceptualise and critique what skills and vocational education and training mean for
young people with diverse livelihoods people who rely substantially on the informal and
social economy rather than envisioning education and skills as oriented towards profit
making or increased productivity chapters offer fresh perspectives that move beyond
the dominant neoliberal and human capital orthodoxies this book features chapters that
are global in approach uses case studies from contexts as diverse as india south africa
west africa and colombia and focuses on how education can be used to empower people

strengthen livelihoods and expand human agency skills personal growth and the capability for voice issuing a clarion call it appeals for recognition of the ways in which learning working and living take place in the informal sector in the global south arguing that this matters for the vast majority of the world's population this book will be of relevance to scholars academics and postgraduate students in vocational education and training skills development the informal sector international and comparative education international development and adult education
